In order to support the implementation of our statutory tasks, dialogue at a political level with bodies, members, parliamentary groups or groups of the German Bundestag and their employees as well as with the federal government and federal ministries up to the level of department heads is of particular importance. For this reason, we have registered as a lobby representative within the meaning of Section 1 of the Lobby Register Act (LobbyRG) as amended on 15 January 2024 in the lobby register at the German Bundestag.

III. Purpose of Processing

Purposes of Processing your data are:

Pursuant to Section 3 (1) No. 8 lit. d LobbyRG, we are obliged to transmit the following personal data to the lobby register regarding individual donations and other lifetime donations from third parties in increments of EUR 10,000 each, provided that the total value of EUR 10,000 in relation to a donor in the respective financial year and at the same time 10% in relation to the total annual amount of all donations and lifetime donations is exceeded:

For your donations made before 1 March 2024, the information may be provided to the Lobby Register in anonymised form in accordance with Section 8 (3) LobbyRG. The entries in the lobby register are published in machine-readable form and with a search function.

IV. Duration for saving the data

Each update or change in the lobby register generates a historical version of the respective register entry in the scope of data available up to that point. The historical versions are published in the lobby register for 18 months after the respective update or amendment and then removed from the public register. The data is then stored for a further 18 months at the register-keeping organisation and then deleted. Before final deletion, the register data must be offered to the competent archive for transfer as archive material from the lobby register in accordance with Section 5 (4) of the Federal Archives Act. The processing of personal information for archiving purposes is permitted in accordance with Section 5 (5) of the Federal Archives Act if the interests of the data subjects worthy of protection are not impaired.

The personal data collected by us will be stored in accordance with our deletion concept until the expiry of the statutory retention obligation and then deleted, in particular if there is an obligation to store the data for a longer period of time in accordance with Article 6 para. 1 lit. c GDPR due to tax and commercial law retention and documentation obligations (from HGB, StGB or AO) or if you have consented to further storage in accordance with Art. 6 para. 1 sentence 1 lit. a GDPR.

Subject to such retention obligations, data will be deleted when the purpose for which it was collected no longer applies.
